From the Supdt. Govt. Printing
No P. 2059 / 17.1.29
Submits proposals for the deputation of Mr. B. Krishnaswami Chetty. B.E. Chief Foreman of the Govt. Press to England & America for training in Printing etc

1) The necessity for the deputation of Mr. Krishnaswami Chetty is explained in full by the Supdt. in the paper under disposal

2) The Supdt. proposes the following amount to be provided in the Budget for 1929-30 towards the Scholarship Passage & allowance:—

1) Passage II class — Rs. 750
2) Scholarship (@ £27/- for 1 year — 3700
3) Family maintenance allowance @ Rs 50/- p.m — 600
Total Rs. 5000

3) Submitted for orders. In another connection the Secretary has said that no Ramadorai scholarships are available. The matter is one of deputation. Whether the Foreman can be deputed under Study Leave Rules is for consideration.

Pleas obtain & put up the p.p regarding the deputation of Messrs Pullayya & B. Srinivasa Iyengar to England for training — h 28-4-29.

7) If Mr. Krishnaswamy Chetty is a promising officer, the recommendation for his deputation for foreign training may be sympathetically considered.

8) The period of training was three years in the case of Messrs Pullayya & Srinivasa Iyengar. The proposal to extend the term of one of the Probs by another year to study Photo-engraving did not materialise — It is probably on this consideration that the Supdt has now asked for 4 years deputation

9) I think the period of training may for the present be fixed at 2 years only, either in London or America. Arrangement may be made for the Scholar getting Special training in the working of printing by Photo-zinc & Half-tone block making plant, during this period.

~~Either should be the duty to depute the London student to take charge of the Photo-zinco~~

10) I do not think he need be ~~sent~~ deputed further

than the Dak. required to enable him join the Indian school in Delhi.

11) There is no margin for optional items of expenditure in the current year's budget.

12) It is undesirable to be committed to provision for the recurring charges in the next two years, at this stage.

13) I would therefore suggest that the proposal may be considered as an urgent item for which provision should be made in the next year's budget. After funds are thus provided for, the application may be entertained under the scholarship rule.

NOTE—Contn. sheet

Final Note by the Third Member of Council.

Subject:— Deputation of Mr. B. Krishnaswami Chetty, B.E., Chief Foreman of the Government Press to England and America for training.

When I made a detailed inspection of the working of the Government Press in Bangalore in November, the Superintendent brought to my notice that there were no qualified men available for superior posts in the Department and that, unless steps were taken early to train up some competent young men, there would be considerable difficulty in replacing the present Superintendent and Assistant Superintendent when the time comes for them to retire from service in due course. The Superintendent has now submitted proposals for deputing Mr.B.Krishnaswami Chetty, Chief Foreman of the Government Press, Bangalore, to England and America for advanced training in printing. Mr. Krishnaswami Chetty is a B.E. in Mechanical Engineering and was selected as a Press Probationer five years ago. His appointment as Sub Assistant Superintendent has just recently been sanctioned by His Highness. He is young and energetic and is reported to be keenly interested in his profession and is considered to be a suitable candidate for being deputed to foreign countries for training.

The Superintendent suggests that Mr.Krishnaswami Chetty may be deputed for a period of two years to the London School of Printing in England and for another two years in the Carnegie Institute of Technology in America and that he may be required on his way to India to visit some of the towns noted for printing on the continent of Europe. He proposes that he may be granted a second class passage, scholarship at £275 per year and a family maintenance allowance of Rs.50 per mensem, the question of payment of premium for working in a printing office being decided later on. He also suggests that Mr.Krishnaswami Chetty may be allowed to proceed to England in March 1929 so that he may be able to attend the Eighth International Printing and Allied Trades Exhibition to be held in London from the 11th to 25th April

7

April 1929, study new processes and important developments in printing and see a collection of interesting exhibits in printing and stationery.

The Financial Secretary who was consulted in the matter is of opinion that the period of training may for the present be fixed at two years either in London or in America, arrangements being made for giving special training in the new line of Photo-zinco process and half tone block-making during this period. He is against the proposal of the Superintendent to allow Mr. Krishnaswami Chetty to attend the Exhibition in London in April 1929, but considers it enough if he is required to join the London School of Printing in September next.

Pages 2 & 3 of Office Notes

I consider that the period of two years suggested by the Financial Secretary will not be adequate for undergoing a satisfactory course of printing. When Mr. Puttaiya, the present Superintendent, was deputed for training to Europe in the year 1912, it was for a period of three years and the deputation of Mr.Krishnaswami Chetty may, I think, be similarly fixed at three years for the present. As regards the time when the deputation should begin, I agree with the Financial Secretary that there is no need to send Mr.Krishnaswami Chetty in March to enable him to attend the Exhibition in April. I also agree to the terms proposed by the Superintendent, namely, the grant of a scholarship of £275 per annum plus Rs.50 per mensem for family maintenance and the actual cost of a second class passage, which are in accordance with the latest scholarship rules.

M

These proposals have been agreed to by the Dewan and the other Members of Council and may be graciously approved.

No. P. 2059

OFFICE OF THE SUPERINTENDENT,
GOVERNMENT PRINTING,

Bangalore, dated 17th January 1929.

FROM

B. PUTTAIYA, ESQ., B.A.,
Superintendent, Government Printing,
Bangalore.

To

R. RANGA RAO, ESQ., B.A., B.L.,
General Secretary to the Government of
His Highness the Maharaja of Mysore,
BANGALORE.

SIR,

I have the honour to submit the following proposals for the deputation of Mr. B. Krishnaswamy Chetty, B.E., Chief Foreman of the Government Press to England and to request that very early orders may be kindly passed, so that he may get himself ready to start:-

In view of my attaining 55 years of age five years hence, and two years later in the case of Mr. B. Srinivasa Iyengar, the Assistant Superintendent, I think it is now time to take up the question of getting one of our younger men trained in the West in the various branches of printing, so that he may come back fully trained and qualified to take up the responsible duties of the Superintendent in due time. As the different branches of printing have developed on new lines since my return from England nearly fourteen years ago and as the subject has been made a University Course in England and America, there is much to see, study and learn in those two countries. Since it is under the consideration of Government to introduce a new line of printing in the Government Press by the installation of a Photo-zinco and half-tone block-making plant, the scholar deputed will have to undergo additional training in this branch of work as well, so that I think it would be advisable to depute him for a period of about four

years. There are two excellent institutions - one in England, viz., The London School of Printing, and the other in America, viz., The Carnegie Institute of Technology, which is stated to be the most up-to-date institute in the world. I propose that the youngman may be deputed for study for two years in England and another two years in America, with permission to return to India visiting on his Journey the towns noted for printing on the continent of Europe. In each of the institutions abovenamed, there is a full Technological Course teaching all branches of printing coupled with practical instruction, so that the scholar will be able to get fully trained in every detail of printing, as each school will supplement the training given in the other.

Mr. B. Krishnaswamy Chetty, who is at present the Chief Foreman in the Government Press, is a B.E. in Mechanical Engineering and is 29 years old and has been in intimate touch with the execution of all varieties of work coming into the Government Press. He has shown himself a trustworthy, painstaking, shrewd and intelligent youngman with a real taste for printing work. He has a mechanical turn of mind also and has managed the work entrusted to him in an eminently satisfactory manner. He is young, energetic and enthusiastic and is therefore the fittest person to be deputed for training, which I strongly recommend. Provision for his passage, scholarship and family maintenance may be kindly made in the Budget for 1929-30. The amount to be provided will be approximately as follows in the first year:

Passage, 2nd class	....	Rs. 750/-
Scholarship @ £ 275 for one year.	....	3,700/-
Family maintenance allowance @ Rs. 50/- per mensem.	....	600/-
	Total -	Rs. 5,000/-

The question of payment of premium for working in a Printing Office may be decided later on as soon as the Office in which he is to work is ascertained and the sum required to be pai is known.

The eigth International Printing and allied Trades Exhibition is advertised to be held in London from April 11th to 25th, 1929, where a most wonderful collection of Printing Machinery and Accessories will be shown. There will also be exhibits of Stationery and other manufactured articles from the leading houses. New processes will be shown and important developments may be studied, which will prove of the utmost interest in every branch of the Printing Industry. It is stated to be the most important exhibition ever held in any Country and printers all over the world are eager to attend the Exhibition. I should therefore very much like ~~that~~ Mr. Krishnaswamy Chetti to attend it, especially as the time is so opportune and we are likely to buy some machines for the Press as separately proposed by me. Instead of his going in July, he may as well go a few months earlier and see this great exhibition, which is a life's opportunity.

I therefore beg that Government may be graciously pleased to allow him to proceed in March to be in time for the Exhibition. After seeing the Exhibition, he may visit a few factories including paper-making mills and return in time to attend the London School of Printing at the commencement of the term in the first week of September. An advance may be paid to him to cover the cost of the passage, travel, etc., which may be subsequently recouped from the provision to be made in the budget for 1929-30.

I solicit the favour of very early orders.

I have the honour to be,
Sir,
Your most obedient servant,

B. Krishnaswamy

Superintendent.

the Maharaja of Mysore.

Read:-

Letter No. P.2059 dated 17-1-1929 from the Superintendent, Govt. Printing submitting proposals for the deputation of a suitable officer to England and America for advanced training in prin-ing.

Order No. G. 11429-30/P&S.65-28-
Dated Bangalore, 13.3.29

The Superintendent, Government Printing, brings to notice that there are no qualified men available at present for superior posts in the Department and that unless steps were taken early to train up some competent young men, there would be considerable difficulty in replacing the present Superintendent and the Assstant Superintendent when the time comes for them to retire from service in due course. He has accordingly submitted proposals for deputing Mr. B.Krishnaswamy Chetty, Sub Assistant Superintendent of the Government Press, to England and America for undergoing advanced training in printing.

Mr. Krishnaswamy Chetty is a graduate in Mechanical Engineering and was selected as a Press Probationer five years ago and has since been appointed as Sub Asst. Superintendent . He is young and energe-

~~his~~

and is reported to be keenly interested in his profession and is considered to be a suitable candidate for being deputed to foreign countries for training.

The Superintendent suggests that Mr. Krishnaswamy Chetty may be deputed for a period of two years to the London School of Printing in England and for another two years in the Carnegie Institute of Technology in America and that he may be required on his way to India to visit some of the towns noted for printing on the continent of Europe. He also suggests that Mr. Krishnaswamy Chetty may be allowed to proceed to England in March 1929 so that he may be able to attend the Eighth International Printing and Allied Trades Exhibition to be held in London from the 11th to 25th April 1929, study new processes and important developments in printing and see a collection of interesting exhibits in printing and stationery.

~~After a carefull consideration of the proposals of the Superintendent,~~ Government are ~~of opinion that~~ the deputation of Mr. Krishnaswamy Chetty ~~may be fixed at~~ three years ~~for the present as in the case of the present Superintendent when he was~~ deputed for training to Europe in ~~the year 1913 and that his~~ deputation may begin ~~from~~ the next official year.

During the period of deputation, Mr. Krishnaswamy Chetty will be entitled

6

to the following--

(1) A scholarship of £275/- per annum

(2) A family maintenance allowance of Rs.50/- per mensem.

(3) Actual cost of a second class passage in accordance with the latest scholarship rules.

The Comptroller is requested to provide the necessary amount in the budget of 1929-30 and the two followin years.

The Superintendent is requested t draw up a detailed programme of studie for Mr. Krishnaswamy Chetty and arrang to obtain progress reports from him fr time to time. He is also requested to submit a report in due course as to th premium that may have to be paid by Government for getting a practical tra ing to Mr. Krishnaswamy Chetty in a printing office.
